

# Pre-Departure Checklist for Global Health Education Programs

Northwestern University Feinberg School of Medicine, Robert J. Havey, MD Institute for Global Health  
Updated May 2024

This checklist was developed to assist **medical students participating in elective global health experiences** in locating the relevant resources needed to complete the Pre-Departure Requirements associated with participation in global health experiences and receipt of Global Health Experience award funding.

This tool is best utilized once you have access to the Feinberg Global Health Experience course in Canvas. While the course should lay out your assignments, it is used by students from various programs. If you have questions about whether you need to complete something, you can always reference and take direction from this checklist or email the Education Program Assistant, Megan Garrison ([megan.garrison@northwestern.edu](mailto:megan.garrison@northwestern.edu)).

All the following checklist items must be completed in order to be considered ready for travel. Please note that all forms and documents will not be recorded as received unless they are uploaded to the Canvas course. Although there are no due dates listed, everything should be completed or submitted according to recommended timeline shown below.

**NOTE:** There are three [IGH Pre-Departure Seminars](#) offered for students participating in the Global Health Experience. You will eventually be asked to confirm which talks you attended and when (assignment within the Pre-Departure Curriculum Module). Please remember these are **required**:

- Global Health Ethics
- Top 10 Habits of Successful Global Health Practitioners
- Global Risks: Guidance and Resources for Responsible Travel (Lecture is available as a recording on Canvas)

Canvas Course Assignment Checklist				
As soon as possible, or at least 7-8 months prior to travel				
Module: Predeparture Curriculum		Review	Upload	Complete
<input type="checkbox"/>	Pillars of Global Health : <ul style="list-style-type: none"> <li>- Global Health Definitions and Discourses</li> <li>- Global Health Ethics</li> </ul> <i>*Note that if you are participating in a CFHI program, the Pillars modules will be integrated into your pre-trip preparations with them.
